# FISHERY REGULATIONS, GAME LAWS, CLOSED SEASONS, LICENCES, &c.

The Canadian Government has the sole legislative authority over the fisheries of Canada, both coastal and inland, under which laws are made for the protection and conservation of the fisheries in all the provinces. The provinces, however, have property rights in the non-tidal fisheries. Over a period of years various arrangements have been made between the Federal Govt. and the provinces dividing the administrative (but not the legislative) authority over fisheries. Under these arrangements the Federal Government not only legislates but also administers the fisheries in all Canadian tidal waters except those of Quebec. In the non-tidal waters of Canada the Federal Government administers the fisheries of the Yukon, Northwest Territories, Nova Scotia, New Brunswick, Prince Edward Island and Newfoundland. The non-tidal fisheries of the other provinces are administered by the provincial authorities who enforce, on behalf of the Federal Government, the Federal laws regulating the fisheries as such.

Fisheries in National Parks of Canada are under the administration of the National Parks Service of the Federal Department of Northern Affairs and National Resources, Ottawa.

For further information as to fisheries regulations apply to the Department of Fisheries, Ottawa, or, in the case of National Parks, to the National Parks Service, Ottawa. For information as to fishing licence fees in any area apply to the administrative authority indicated above.

## GAME LAWS

Migratory birds are protected under a Federal law known as the Migratory Birds Convention Act, administered by the Canadian Wildlife Service, Department of Northern Affairs and National Resources, Ottawa. Enforcement of the Act is carried out by the Royal Canadian Mounted Police in co-operation with the provincial game authorities. This Act is based upon the Migratory Birds Treaty with the U.S.

With this exception, and except in National Parks, game laws are under the administration of the various provinces and territories.

A Federal law, the Game Export Act, passed in 1941, prohibits the export of game from any province or territory without permit from the province or territory. It has been proclaimed for all provinces and territories except Prince Edward Island.

Details as to closed seasons, licences, etc., are not given here, owing to the fact that regulations for the ensuing months are, in some cases, not available when this volume goes to press and where available are often subject to changes before the opening of the season.

Full information concerning the Federal laws mentioned above may be obtained by writing to the following address: Chief, Canadian Wildlife Service, Ottawa; and respecting provincial game laws by writing to the addresses given below:

# MUNICIPALITIES IN ONTARIO

*As of November 15, 1965*

| | |
|---|---|
| Cities (Counties 27, Districts 5) | 32 |
| Towns (Separated from County) | 7 |
| Towns (Counties 104, Districts 46) | 150 |
| Villages (Counties 148, Districts 11) | 159 |
| Townships (Counties 425, Districts 147) | 572 |
| Improvement Districts (Counties 1, Districts 17) | 18 |
| Total Local Municipalities | 938 |
| Counties (43)* | 38 |
| Metropolitan Toronto | 1 |
| Total Incorporated Municipalities | 977 |

The northern portion of the Province of Ontario is divided into 11 Districts and the southern portion into 43 Counties. The union of the following counties, Leeds-Grenville, Northumberland-Durham, Prescott-Russell and Stormont-Dundas and Glengarry reduces the county administrations to 38 distinct units for local government. The districts, unlike counties, are not organized for municipal purposes and as a result, the 229 incorporated municipalities contained therein are not united for municipal administration.

With the exception of the 26 cities, the 13 municipalities comprising the municipality of metropolitan Toronto and the 7 separated towns which are located within counties, the remaining 665 local municipalities in counties are united for administration in the counties of which they form part. This relationship is for the purpose of the administration of interrelated interests such as education, roads, welfare and administration of justice. Members of the County Councils are composed of the reeves of all the local municipalities within the county and in certain cases the deputy reeves.

The 7 separated towns are: Gananoque, Ingersoll, Prescott, Riverside, St. Marys, Smiths Falls, Trenton.

### POLICE VILLAGES

In addition to the organized villages listed elsewhere in the Ontario section of the Canadian Almanac, there are some 159 police villages.

A police village is run by a Board of Trustees elected by the residents. The Board of Trustees runs its local affairs, but cannot levy any taxes or make by-laws which involve the borrowing of money. It has to send in a requisition to the authorities of the township of which it is part for any finances it requires, such as for local improvements or lighting or village constabulary.

*There are 43 Counties, some of which are united for purposes of local government as follows:
Leeds and Grenville,
Northumberland and Durham,
Prescott and Russell,
Stormont, Dundas and Glengarry.

## METROPOLITAN TORONTO

The municipality of Metropolitan Toronto, by act of legislature, (R.S.O. Chapter 260) controls the following utilities: in 13 autonomous, contiguous municipalities certain roads in Metropolitan Toronto, Toronto Transit Commission, Metropolitan School Board, Metropolitan Toronto Planning Board, Works Department, Police Department.

The areas affected are: City of Toronto, Township of York, Township of North York, Township of East York, Township of Scarborough, Township of Etobicoke, Village of Forest Hill, Town of Leaside, Town of Mimico, Town of New Toronto, Village of Long Branch, Town of Weston, Village of Swansea.

## IMPROVEMENT DISTRICTS

## DATES OF MUNICIPAL ELECTIONS

Municipal elections in Ontario are held at various dates provided for by The Municipal Act, Chapter 249, R.S.O. 1960, sections 43-51.

Section 43 provides that the nominations shall be held at noon on the last Monday in December except when the last Monday is Christmas day in which case nominations shall be held on the preceding Friday, and the date for polling shall be the first Monday in January; unless council under authority of section 44, not later than November 1st, passes a by-law fixing dates during the period November 15th to January 2nd both inclusive for nominations and elections, said dates to be other than a Sunday or the 24th, 25th or 31st of December and provided the day fixed for nominations is not less than seven days prior to the day fixed for polling, in force until repealed, but no appeal or amendment after 1st of November of any year.

In addition, when new municipalities are erected, the Municipal Board may set the date for the holding of their first elections.

Prince Edward Island elects two types of members to the House—*Councillors* and *Assemblymen*—a system unaltered since the Legislative Council was merged with the Assembly in 1893. Each of the 15 constituencies elects one of each. While their status in the House is the same, only property owners, their wives or husbands, overseas veterans and clergymen may vote for councillors. (Property owners also can vote for councillors in every riding in which they hold land.)

# CANADIANS TRAVELLING ABROAD

## UNITED STATES IMMIGRATION REGULATIONS

Every person desiring to enter the United States for any purpose whatever, even for a limited time, must have (1) a passport from the Government to which such person owes allegiance, or other acceptable travel document, and (2) a visa issued by an American Consular officer; excepting Canadians and landed immigrants in Canada who are also citizens of a Commonwealth country, Ireland, or the Republic of South Africa who may enter without passports or visas under certain conditions (for details see below).

Visas are of two kinds: (1) Immigrant visas, which are for permanent or indefinite residence in the United States, and (2) Non-immigrant visas, which are for temporary entry into the United States for definite short periods for business, pleasure, transit through, as a student, crewman, et cetera.

All persons applying for a nonimmigrant visa at United States consular offices in Canada must present a passport or other travel document valid for at least six months beyond the contemplated initial period of stay in the United States except Canadian citizens and landed immigrants in Canada who are also citizens of a Commonwealth country, Ireland, or the Republic of South Africa.

### Border Crossing Regulations

Canadian nationals or landed immigrants in Canada who are also citizens of a Commonwealth country, Ireland, or the Republic of South Africa are not required to present passports and visas when entering the United States temporarily and a passport shall not be required of such a national or subject except after a visit outside of the Western Hemisphere. Satisfactory evidence of identity and citizenship may be required and would comprise Canadian or appropriate passport valid or expired, landed immigrant cards, Canadian birth or baptismal certificates, or Canadian certificates of naturalization.

Canadian citizens domiciled in Canada, entering the United States temporarily from other than the Western Hemisphere, do not require visas but must be in possession of unexpired passports.

Canadian citizens *not* domiciled in Canada, entering the United States temporarily, must present a valid passport.

British subjects or landed immigrants in Canada who are also citizens of a Commonwealth country, Ireland, or the Republic of South Africa entering the United States from other than the Western Hemisphere, do not require visas but must be in possession of unexpired passports.

In addition, everyone should be in possession of evidence establishing that he is in fact a bona fide temporary visitor. Letters of reference from the applicant's employer or husband's employer, or bank manager if in business for self, are the most satisfactory. Those desiring further information regarding entry requirements may call in person or write to the nearest U.S. Consulate. For American Consulates in Canada, *see Index*.

American citizens do not require passports to re-enter the United States from Canada but must satisfy the immigration officials at the port of entry that they are in fact United States citizens.

## CANADIAN PASSPORT AND VISA INFORMATION

Passports are issued in Canada at the Passport Office, Ottawa. They are valid for five years and may be renewed for an additional period of five years. Any person in possession of an old passport should submit it for inspection. Passport application forms are available at most Post Offices, travel agencies and banks throughout Canada and at the Passport Office itself.

Visas when required as detailed hereunder are obtainable from the representative in Canada of the country to be visited.

Canadians visiting the United States, Puerto Rico or the U.S. Virgin Islands for six months or less do not require a passport but proof of citizenship, if arriving from a Western Hemisphere country; they require a passport but not a visa if arriving from a country outside the Western Hemisphere. Those entering the United States for the purpose of engaging in gainful employment should obtain both passport and visa.

Valid passports but no visas are required by Canadians visiting the following countries for a reasonable period of time: Mexico (Tourist Card also required), Switzerland, Ireland, Commonwealth countries and most Commonwealth territories.

Valid passports but no visas are required by Canadians visiting the following countries for a period not exceeding three months: The Netherlands, Italy, Turkey, Austria, Monaco, Argentina, France, Switzerland, West Germany, Bolivia (Tourist card required), Chile, Denmark, Finland, Greece, Israel, Liechtenstein, Norway, San Marino, Spain, Sweden, Uruguay, Belguim, Luxembourg, Martinique, Guadeloupe, French Guiana, Iceland, Morocco and Japan.

Valid passports but no visas are required by Canadians visiting the following countries for a period not exceeding two months: Portugal, Brazil (Tourist card required) and Haiti.

Canadians travelling to other countries should communicate with the nearest representative of the country they wish to visit, for appropriate advice.

Citizens of Commonwealth countries in Canada who are not Canadians should apply for passports or renewals to the High Commissioner representing their country in Ottawa.

## CANADIAN GOVERNMENT ANNUITIES

The Government Annuities System was set up in 1908 to encourage persons resident or domiciled in Canada to save for their old age by the purchase of deferred annuities and to enable older citizens to stretch out their accumulated savings by the purchase of immediate annuities. Canadian Government Annuities are payable for life and may be guaranteed for a period of years certain. Under deferred annuities, premiums are returned with interest if the annuitant dies before the annuity commences. The maximum amount of annuity obtainable is $1,200.00 a year. It may be obtained with an income reduction of $75.00 a month when Old Age Security begins, thus fitting in with the Old Age Security Act, in which event the maximum is the actuarial equivalent of $1,200 a year.

Individual contracts are in most instances eligible for registration as Retirement Savings Plans to get tax exemption on premiums in accordance with Section 79B of the Income Tax Act.

Employers may operate their pension plans through the purchase of Government Annuities for, or on behalf of, their employees. There are 1,312 such pension plans in operation, covering 149,026 working employees. In addition, there are 90,340 individual deferred annuity contracts in force. Annuity in the annual amount of $53,188,635 is being paid under 93,342 individual contracts and group certificates.

The premiums are moderate and annuities may be purchased through Canadian Government Annuities offices in 42 communities across Canada, or directly from Head Office.

For full particulars apply to C. R. McCord, Director of Annuities, Department of Labour, Ottawa.

The National Gallery of Canada was established under the National Gallery of Canada Act (S.C., 1912-13. Chapter 33—now the National Gallery Act, R.S.C., 1952, Chapter 186). The beginnings of the National Gallery of Canada are associated with the founding of the Royal Canadian Academy of Arts in 1880. The Marquess of Lorne, then Governor General, had recommended, and assisted the founding of the Academy. Among the three tasks he assigned to that institution, one charged them with the establishment of a National Gallery at the seat of government. Lord Lorne also selected a group of pictures which formed the nucleus of the permanent collection. Until 1907, the National Gallery was directly under the control of a Minister of the Crown. In that year, the government appointed an Advisory Arts Council of laymen to administer grants to the National Gallery. In 1910, the first professional curator was appointed. In 1913, when the National Gallery was incorporated by Act of Parliament, responsibility for administration was vested in a Board of Trustees appointed by the Governor in Council. The function of the Board is to administer and manage the Gallery, develop and conserve the national art collections, to encourage public interest in the arts and to promote the interests of art throughout the country. Today, the Board of Trustees is composed of nine members representing all sections of Canada. In 1951, responsibility for the Gallery was transferred from the Minister of Public Works to the Minister of Citizenship and Immigration, and in 1963 to the Secretary of State. The permanent collection consists mainly of painting, sculpture, prints, and drawings from the European and Canadian schools.

In 1957, the development of a Conservation and Scientific Research Division, as applied to works of art, was begun. The National Gallery of Canada carries out an extensive programme. Exhibitions of art collections from abroad, from its own holdings, and from private and public sources are organized and circulated in Canada and abroad. Educational services are offered to the general public across Canada. Among these are included films, publications and reproductions of works of art. Lecture tours are also organized. A tour program of the National Gallery collections is available to visitors to, and residents of, Ottawa.

## The National Museum of Canada, Ottawa

The National Museum of Canada originated in the Geological Survey of Canada which was founded in 1842 by Sir William Logan. Formerly the Victoria Memorial Museum, authority to designate it as the "National Museum of Canada", was given by Order-in-Council P.C. 2615 of January, 1927.

In 1957 the Museum was divided into two branches —the Natural History Branch which carries out scientific research and is responsible for exhibits in the field of natural history, and the Human History Branch which has the same responsibilities in the field of human history.

Expeditions are active in many parts of the world. The Museum offers a year round program of exhibitions, films and lectures. The main building is

located at the north-east corner of the University of Toronto campus at Bloor Street and Avenue Road. The Sigmund Samuel Canadiana Gallery of the ROM is at 14 Queen's Park Crescent W. The main building is open to the public from 10 a.m. to 5 p.m. Monday to Saturday and from 1 to 5 p.m. Sundays. Adult admission is 25c, students and accompanied children free. The Canadiana Gallery is free to all visitors and is open the same hours as the main building with the exception of Mondays, when it is closed.

ART AND ARCHAEOLOGY DEPARTMENTS

*Chief Archaeologist*—A. D. Tushingham, B.D., Ph.D., F.S.A.; *Far Eastern—Curator*, Henry Trubner, M.A.; *Ethnology—Curator*, E. S. Rogers, M.A., Ph.D.; *Greek and Roman—Curator*, J. W. Graham, M.A., Ph.D.; *European—Research Curator*, Gerard Brett, M.C., M.A.; *Near Eastern—Curator*, Miss Winnifred Needler, M.A.; *Textiles—Curator*, Mrs. K. B. Brett; *Canadiana—Curatorial Assistant* Miss J. Biggar; *Registrar*—Miss D. Hecken, Ph.D.; *Display Chief (General)*—Harley Parker; *Conservation Curator*, R. M. Organ, A.I.P., F.I.I.C.

The large collections of these departments, housed in 78 galleries, illustrate man's life, skills and arts through many centuries and in many lands—from the stone ages through the historical periods. The Near Eastern galleries document his earliest attempts to achieve an ordered, sedentary existence particularly in Egypt, Mesopotamia and neighbouring lands. Objects from Crete, Cyprus, Greece and Italy demonstrate the important pre-classical and classical heritage. The fine collection of Greek vases is particularly significant. The cultural history of Europe through the mediaeval and into the modern period is set forth in arms and armour, sculpture, ceramics, silver and glass, furniture, textiles, and costumes. Canada's cultural past is illustrated by textiles, furniture and wood carving in the main building and by paintings, prints and memorabilia in the Sigmund Samuel Canadiana Collection. The Far Eastern collection is of great importance with stress laid on Chinese bronzes, ceramics, jades, lacquers and tomb groups. The Ethnological collection is very large, illustrating the cultures of the American aborigines in North, Central and South America but containing important materials from all over the world.

Continually changing Special Exhibitions utilize both loan materials and objects from the permanent collections to focus public attention on particular aspects of man's culture.

EARTH SCIENCES DEPARTMENTS

*Chief Mineralogist*—V. B. Meen, M.A., Ph.D.; *Mineralogy—Curator*, J. A. Mandarino, B.S., M.S., Ph.D.; *Geology—Curator*, W. M. Tovell, B.A., M.S., Ph.D.; *Display Chief (Mineralogy)*—J. B. Hillen.

These departments have four galleries: (1) Physical Geology, (2) Mineral Deposits, (3) Precambrian Geology, and (4) Mineralogy. The first three were completed in November, 1962, with the aid of funds generously provided by the Trustees of the J. P. Bickell Foundation. The Gallery of Physical Geology is devoted to the features of the Toronto region, glaciation, rock formations, and the origin of the earth. It also contains the six-foot diameter Bickell Globe which divides to show the earth's interior. Meteorites and meteoritic craters are exhibited in this area. The Gallery of Mineral Deposits explains the origin and environment of economic mineral occurrences in general, and specific examples are given from eight mining districts of Ontario. A wall map 16 feet high and 20 feet wide shows, with 400 small electric lights, the distribution of 30 important mineral products of Canada. The lights turn on and off automatically, in sequence. The Gallery of Precambrian Geology features a model to show the enormity of Precambrian time compared to total earth history, and exhibits portray the complexity and importance of Precambrian Geology. This Gallery also contains an exhibit of highgrade gold ores.

The Mineralogy Gallery, housing one of the world's important mineral collections, is being re-designed under a grant from the International Nickel Company of Canada Limited. Construction is now under way, and the gallery is closed until 1967.

LIFE SCIENCES DEPARTMENTS

*Chief Biologist*, L. S. Russell, M.A., Ph.D.; *Birds—Curator*, J. C. Barlow, A.B., A.M., Ph.D.; *Mammals—Curator*, R. L. Peterson, M.Sc., Ph.D.; *Fishes—Curator*, W. B. Scott, Ph.D.; *Associate Curator*, E. J. Crossman, Ph.D.; *Invertebrates—Curator*, G. B. Wiggins, M.A., Ph.D.; *Fossil Vertebrates—Associate Curator*—A. G. Edmund, M.A., Ph.D.; *Fossil Invertebrates—Associate Curator*, R. R. H. Lemon, M.A., Ph.D.; *Display Chief (Biology)*—T. M. Shortt.

The gallery of Canadian animals features a reasonably complete collection of well-displayed mammals and birds. Numerous habitat groups and special displays explain life histories and other features of interest. The recently-built gallery of fishes has a colourful systematic series, plus several excellent habitat groups and models of commercial fishing equipment. Displays in the gallery of foreign animals include representatives of most groups of mammals, birds and insects. The three galleries in the palaeontology section contain many rare and unique specimens. The systematic collection of invertebrates, is currently under re-construction. The dinosaur gallery features many complete skeletons and type specimens from the Cretaceons of Western Canada. A recent addition to the gallery of fossil mammals and fishes is an exhibit of bones recovered from the tar pits of Peru by a museum expedition. In 1962 a gallery of reptiles, with more than 150 specimens, was opened. It includes a series of dioramas with lifelike habitats and backgrounds. A new series of dioramas is presently under construction.

The scope and authenticity of the gallery displays are made possible by the continuous study of the vast library and research collections maintained in the departmental laboratories. The collections are also used by scholars the world over, being especially rich in birds, mammals, spiders, aquatic insects, Cretaceous dinosaurs and lower Paleozoic invertebrates.

EDUCATION DEPARTMENT

*Supervisor*. Norma Heakes, B.A.

*Lecturers*, Miss E. Martin, M.A. Oxon; Miss M. Cumming, B.A., B.Ed.; Miss M. Fitz Gibbon, B.A.; Miss P. Boland, B.A.

This department is responsible for services to elementary and secondary school children in the Museum. In addition the department organizes teaching services and circulates travelling collections to classes in distant parts of the Province. An adult education program is presented through gallery talks, Sunday afternoon film showings, and evening lecture courses.

## THE RELIGIOUS SOCIETY OF FRIENDS

### QUAKERS

The Religious Society of Friends originated in England in the 17th Century. Its distinctive Christian witness has been based on what has been called "The Inner Light". Quakers believe that "there is something of God in every man", and that human personality is of great importance. From this conviction arises the Quaker way of worship and the well-known interest in peace, penal reform, and other questions involving the use of goodwill in overcoming evil. *Presiding Clerk:* C. LeRoy Jones, 73 Denvale Rd., Toronto 16.

## THE SYNAGOGUE IN CANADA

There is no federation of synagogues in Canada. Each synagogue is autonomous, is responsible to no superiors, affiliated with no hierachy. Any group of Jews may form a synagogue, which does not necessarily require the services of a rabbi, any individual being eligible to lead in the recital of prayers.

There are three tendencies evident in Judaism—orthodox, conservative and reform. The orthodox tendency parallels the fundamentalist movement in Christianity; the reform tendency is modernism in Judaism; the conservative tendency is the middle movement.

Several synagogues in Canada are affiliated with the Union of American Hebrew Congregations, the federation of reform synagogues. Several other Canadian synagogues are affiliated with the United Synagogue of America (conservative). Most of the Canadian congregations are orthodox and are not affiliated with any parent organization, which in any case has no authority over its constituent members.

## Schools for the Deaf, Mute or Blind

### Alberta

Alberta School for the Deaf, Edmonton
*Superintendent*, L. A. Broughton.
This school for the deaf was opened in Alberta in the year 1955 by the Department of Education. The school provides academic and pre-vocational programs to day and residential pupils.
Blind children are sent, at governmental expense, to schools operated elsewhere in Canada.
The Department of Education pays grants to assist School Boards with the operation of sight saving and hard-of-hearing classes.

### British Columbia

**Jericho Hill School**, 4100 West 4th Ave., Vancouver 8, B.C. *Superintendent*, C. E. MacDonald, LL.B., B.S., LL.D., Litt.D.

### Manitoba

**Manitoba Day School for the Deaf**, Wall St. at Wellington, Winnipeg, Man. *Principal:* Donald M. Plummer.
**Manitoba School for the Deaf**, 500 Shaftsbury Blvd., Tuxedo 29.
For the fall 1965 re-opening of classes, Manitoba will provide residential and day school accommodation for all its deaf children of school age.
Previous to this school year, the deaf who required residential accommodation, attended the Saskatchewan School for the Deaf. These, along with day school students, will now attend classes in fully renovated facilities previously known as Manitoba Teachers College.
All the blind children from Manitoba are attending the Ontario School for the Blind at Brantford, Ont.

### New Brunswick

Provision is made for the education of Deaf, Mute and Blind children of New Brunswick at approved Institutions outside the Province.
The cost of educating Blind children is borne in equal parts by the provincial government and the Municipality in which the student concerned is a resident.
In September 1961 the Interprovincial School for the Education of the Deaf was opened in Amherst, Nova Scotia. This is a joint project between the provinces of New Brunswick and Nova Scotia. Students from Prince Edward Island and Newfoundland are admitted on a tuition basis. This school, at the present time, is for English-speaking students only.
The municipality in which a deaf child is a resident pays a maximum of seven hundred and fifty dollars toward the cost of educating said child with the government paying all costs in excess of seven hundred and fifty dollars.
English-speaking blind students from New Brunswick attend a School for the Blind in Halifax, Nova Scotia.
French-speaking students are educated at approved institutions in the Province of Quebec.
(*See Nova Scotia listing below*).

### Newfoundland

Newfoundland has no schools for the Blind but the Provincial Government makes substantial contributions towards the cost of tuition and board for the education of blind children at the Halifax School for the Blind. This year a school for the deaf was opened in temporary quarters at Fort Pepperrell. Fifty-five children can be accommodated in this school and an additional fifty children will be assisted to attend the inter-provincial school for the deaf at Amherst, Nova Scotia.

### Nova Scotia

**Interprovincial School for the Education of the Deaf**
Amherst, N.S.

*Supervising Principal*, D. J. Jenkins.
This school is owned and operated by the Provincial Governments of Nova Scotia and New Brunswick. It is managed by a Board of Directors consisting of seven members, two appointed by the New Brunswick Government and five by the Government of Nova Scotia. The costs are shared by the two Provinces in proportion to the number of pupils attending from each Province. Parents are not charged for board or tuition.

The Institute is a private organization supported by some Government grants and public subscriptions. Its Employment Department trains and places blind men and women in general business and industrial positions. It operates sheltered shops to afford employment for blind men and women who, because of age, physical handicaps, or personal preferences cannot work in regular industry. It controls tobacco stands, news stands and industrial cafeterias, managed by the sightless. It gives instruction in Braille reading and writing, typewriting and handicrafts. It supplies raw materials at cost and provides facilities for the sale of articles made by home-workers. It maintains libraries of Braille and Talking Books. CNIB maintains a year-round recreation program as a means of adjustment and development for the blind. Every division has a social service department, and in some of the larger cities (22) there are residences and rehabilitation centres for the blind. The Institute is also active in preventing blindness wherever possible. In 1962 the CNIB established The E. A. Baker Foundation for Prevention of Blindness to provide scholarships, fellowships and specified grants to ophthalmologists and their allied services for research, equipment and other facilities not available through regular channels.

The Eye Bank of Canada, providing healthy tissue for the sight-restoring corneal transplant, is a CNIB Service.

## SPECIAL NOTES RE TREATIES, ETC.

### BRITISH PREFERENTIAL TARIFF

Section 5 of the Customs Tariff Act provides that, with certain exceptions, goods entitled to entry under the British Preferential Tariff are subject to a discount of ten per cent on the amount of duty computed under such tariff when the *ad valorem* rate of duty exceeds fifteen per cent, or in the case of a specific duty or a specific and *ad valorem* duty combined the computed rate exceeds fifteen per cent *ad valorem*. The exceptions, to which the discount does not apply are sugar, tobacco, cigars, cigarettes, wines, malt liquors, spirits, spirituous liquors, liquid medicines and articles containing alcohol, imported goods which have the benefit of reductions provided for in the Canada-West Indies Trade Agreement, 1926, and goods on which the rate of customs duty under the British Preferential Tariff is the same as the rate of customs duty under the Most-Favoured-Nation Tariff.

### AUSTRALIAN TRADE AGREEMENT

Goods the growth, produce or manufacture of Australia enumerated in Schedule "A" of this Agreement enjoy the benefits indicated in the said Schedule and also enjoy the benefit of the lowest rates of customs duty applicable to similar goods imported from any other country. Certain margins of preference must be maintained between the Most-Favoured-Nation rates and those provided in Schedule "A". To enjoy these tariff advantages, the goods are required to be shipped direct from Australia into Canada except in special cases where goods are shipped from Australia to Canada on a through bill of lading and the Australian Government certifies that direct shipment to Canada is not reasonably practicable. All other goods, being the growth, produce or manufacture of Australia, when imported into Canada enjoy the benefits of the British Preferential Tariff. Notwithstanding the provisions of the customs laws and regulations of Canada or other provisions of the Agreement, dried currants and raisins that are the growth or produce of Australia and that are not imported direct into Canada shall be subject to Most-Favoured-Nation Tariff rates. Goods imported in accordance with the terms of the Agreement are not subject to the provisions of section 6 of the Customs Tariff except under certain conditions outlined in Article VI of the Agreement.

### NEW ZEALAND TRADE AGREEMENT

The rates of duty set forth in Schedule "A" of this Agreement, when lower than the British Preferential Tariff rates on similar goods, apply to New Zealand only and not to other countries entitled to the benefits of the British Preferential Tariff. The rates indicated in Schedule "A" shall in no case be higher than the rates chargeable on similar goods under the British Preferential Tariff. To all other goods, the produce or manufacture of New Zealand, the benefits of the British Preferential Tariff are granted. To enjoy the tariff advantages under this Agreement goods are required to be shipped direct into Canada from New Zealand, except in special cases where goods are shipped from New Zealand to Canada on a through bill of lading and the New Zealand Government certifies that direct shipment to Canada is not reasonably practicable. Goods imported in accordance with the terms of this Agreement are not subject to the provisions of Section 6 of the Customs Tariff Act, except under certain conditions outlined in Article 4 of the Agreement. Attention is drawn to the fact that, under Section 3 of the Customs Tariff Act, New Zealand is entitled to the benefits of the British Preferential Tariff, and hence New Zealand goods imported from a country entitled to the benefits of the British Preferential Tariff, aud not direct as provided in the Agreement, are entitled to British Preferential Tariff rates but subject to the provisions of Section 6 of the Customs Tariff Act. The benefits of the Agreement also apply to goods the produce or manufacture of Western Samoa and the Cook Islands. Goods, the produce or manufacture of New Zealand, are entitled to as favourable rates as are granted to any foreign country.

### WEST INDIES TRADE AGREEMENT

Goods, the produce or manufacture of any of the Colonies mentioned in the Agreement, which are conveyed without transhipment (except transhipment at a port of any of the said Colonies) by ship, direct into a sea or river port of Canada, are entitled to entry at the rates of duties provided for in the Agreement. Goods other than those provided for in Schedule "A" shall not be subject to more than fifty per cent of the duties imposed on similar goods under the General Tariff, with the exception of tobacco, cigars, cigarettes and spirituous or alcoholic liquors.

Attention is drawn to the fact that the Colonies mentioned in this Agreement are entitled to the benefits of the British Preferential Tariff. Goods the produce or manufacture of any of the Colonies mentioned in the Agreement, are entitled to as favourable rates as are granted to any foreign country.

### UNION OF SOUTH AFRICA TRADE AGREEMENT

Goods the produce or manufacture of the Union of South Africa, enumerated in Schedule "A" of this Agreement, enjoy the benefit of the concessions indicated in the said Schedule and also enjoy the benefit of the lowest rates of Customs duty applicable to similar goods imported from any country, provided that such goods shall not be entitled to the benefit now accorded to the products of the British West Indies, Bermuda, British Guiana, and British Honduras by virtue of the trade agreement existing between the Governments of these colonies and the Government of Canada. To enjoy the tariff advantages under this Agreement goods are required to be imported direct from the Union of South Africa into Canada. Indian corn or maize, the produce of the Union of South Africa, imported into the Dominion of Canada at a price not lower than that quoted for Indian corn or maize of similar quality on the Baltic Exchange, London, shall not be subject to the provisions of Section 6 of the Customs Tariff of Canada; this provision will cease to be operative if after 30th April 1934, the export of Indian corn or maize from the Union of South Africa to the Dominion of Canada be subsidized. For the purposes of this Agreement, the Mandated Territory of South West Africa shall be deemed to be part of the Union of South Africa. Attention is drawn to the fact that, under Section 3 of the Customs Tariff Act, the Union of South Africa is entitled to the benefits of the British Preferential Tariff.

### GENERAL AGREEMENT ON TARIFFS AND TRADE

Tariff items and rates of duty under the General Agreement on Tariffs and Trade (GATT), are shown in Schedule "A" of the Customs Tariff *only* when they differ in text or when the rates are lower than those established by Statute or by Order in Council. When tariff items and rates of duty in GATT are identical with legislatively established items and rates, they are not repeated in this Office Consolidation, but they are indicated by the symbol ■. For complete information regarding GATT items and bound rates, see Customs Memorandum D48-2.

### PROOF OF ORIGIN

**4.** Proof of origin, as prescribed by the Minister of National Revenue, shall be furnished with the bill of entry at the Customs House for goods admitted to entry under any of the Tariffs in Schedule A, and that the decision of the Minister of National Revenue shall be final as to the Tariff or Surtax applicable in any case to imported goods by reason of their origin.

Goods for which entry is claimed under the Most-Favored-Nation Tariff must be bona fide the growth, produce or manufacture of a country which has been admitted to the benefits of such Most-Favored Nation Tariff and a substantial portion of the value of each manufactured article must have been produced by the industry of such country.

Every manufactured article to be admitted under the British Preferential Tariff must be bona fide the manufacture of a British country entitled to the benefits of such British Preferential Tariff, and a substantial portion of the value of the manufactured article must have been produced by industry in one or more of such countries.

### DUMPING CLAUSE

#### Special or Dumping Duty

**1.** In the case of goods exported to Canada of a class or kind made or produced in Canada, if the export or actual selling price to an importer in Canada is less than the fair market value or the value for duty of the goods as determined under the provisions of the Customs Act, there shall, in addition to the duties otherwise established, be levied, collected and paid on such goods, on their importation into Canada, a special or dumping duty, equal to the difference between the said selling price of the goods for export and the said value for duty thereof; and such special or dumping duty shall be levied, collected and paid on such goods although not otherwise dutiable.

2. The special duty imposed by the preceding subsection shall in no case exceed fifty per cent ad valorem and the following goods shall be exempt from such duty:

(1) Goods of a class subject to duty under the Excise Act;

(2) Goods or classes of goods declared exempt by any order or regulation made by the Governor in Council.

Note—The following goods have been exempted under Order in Council, viz: common and colourless window glass,

3. Duties and taxes imposed in the country of export shall be disregarded in estimating the value for the purpose of the said special duty.

4. 'Export price' or 'selling price' in this section means the exporter's price for the goods, exclusive of all charges thereon after their shipment from the place whence exported direct to Canada.

5. If at any time it appears to the satisfaction of the Minister that the payment of the special duty by this section provided for is being evaded by the shipment of goods on consignment without sale prior to such shipment, the Minister may in any case or class of cases authorize such action as is deemed necessary to collect on such goods or any of them the same special duty as if the goods had been sold to an importer in Canada prior to their shipment to Canada.

6. If at any time it appears to the satisfaction of the Minister that any person owning or controlling or interested in a business in Canada and also in any other country, or any person carrying on a business in any other country and owning or controlling or interested in a business operating in Canada, and by reason thereof is enabled to import goods for further manufacture or assembling or for resale, and while complying with the legal requirements on importation disposes of such imported goods, whether in the form as imported or as further processed, assembled or manufactured, at prices below the duty paid value thereof as entered at Customs plus, or including all charges upon the goods after shipment from the place whence exported direct to Canada, including sales, distribution and advertising costs, and plus if any, the cost of processing, assembling or further manufacturing in Canada, the Minister may declare that goods of such class or kind were and are on importation subject to an additional special or dumping duty not exceeding fifty per cent and authorize such action as is deemed necessary for the collection thereof.

7. If the full amount of any special duty of Customs as herein provided has not been paid on goods imported, the Customs entry thereof shall be amended and the deficiency paid upon the demand of the Collector.

8. The Minister may make such regulations as are deemed necessary for carrying out the provisions of this section and for its enforcement.

9. For the purposes of this section, goods may be deemed to be of a class or kind not made or produced in Canada where similar goods of Canadian production are not offered for sale to the ordinary agencies of wholesale or retail distribution or are not offered to all purchasers on equal terms under like conditions, having regard to the custom and usage of trade.

10. For the purpose of this Act goods shall not be deemed to be of a class or kind made or produced in Canada unless so made or produced in substantial quantities; and the Governor in Council may provide that such quantities, to be substantial, shall be sufficient to supply a certain percentage of the normal Canadian consumption and may fix such percentages.

#### Raising Prices: Removal of Duty.

In the event of the producers of goods in Canada increasing prices in consequence of the imposition of any duty or using any such duty to maintain prices at levels deemed by the Governor in Council to be higher than should prevail having regard to general economic conditions in the country, the Governor in Council may reduce or remove such duty. This does not apply to agricultural products.

### PREPAYMENT OF IMPORT DUTY BY CUSTOMS DUTY STAMPS ON ADVERTISING MATTER

1. Customs Duty Stamps may be obtained in denominations of one, two, five and ten cents for the prepayment of import duties on advertising pamphlets, price-lists and catalogues and other advertising matter specified in tariff item 17800-1 and dutiable under the item. Applications for stamps shall be directed to the Deputy Minister of National Revenue, Customs and Excise, Ottawa. They shall be accompanied by either a money order, bank draft or certified cheque payable to the Receiver General of Canada. Foreign postal notes are not acceptable. Customs Duty Stamps are also obtainable on application with remittance to the Secretary, High Commissioner for Canada, Canada House, Trafalgar Square, London, S.W. 1, England. Customs Duty Stamps are redeemable at the discretion of the Department.

3. Mail matter bearing Customs Duty Stamps shall be transferred to Customs after arrival in Canada and before delivery to addressees, to be checked for the proper payment of duty and to have the Customs Duty Stamps thereon cancelled by marking them with the Customs duty paid stamp, Customs dating stamp, or other cancellation stamp.

4. On advertising matter dutiable under tariff item 17800-1, when forwarded by mail, the Customs duty may be prepaid by affixing Customs stamps thereon.

### FISH

Fish caught by fishermen in vessels registered in Canada or owned by any person domiciled in Canada, and the products thereof carried from the fisheries in such vessels, shall be admitted into Canada free of duty. The Minister may make such regulations, if any, as are deemed necessary for carrying out these provisions.

### COMBINE CLAUSE

Whenever the Governor in Council deems it to be in the public interest to inquire into any conspiracy, combination, agreement or arrangement alleged to exist among manufacturers or dealers in any article of commerce to unduly promote the advantage of the manufacturers or dealers in such article at the expense of the consumers, the Governor in Council may commission or empower any judge of the Supreme Court, or of the Exchequer Court of Canada, or of any superior court or county court in Canada, to hold an inquiry in a summary way and report to the Governor in Council whether such conspiracy, combination, agreement or arrangement exists.

The judge may compel the attendance of witnesses and examine them under oath and require the production of books and papers, and shall have such other necessary powers as are conferred upon him by the Governor in Council for the purpose of such inquiry.

If the judge reports that such conspiracy, combination, agreement or arrangement exists in respect of such article, the Governor in Council may admit the article free of duty, or so reduce the duty thereon as to give to the public the benefit of reasonable competition in the article, if it appears to the Governor in Council that such disadvantage to the consumer is facilitated by the duties of Customs imposed on a like article.

### MARKING OF IMPORTED GOODS

Order-in Council P.C. 1963-1775, 5 December 1963, respecting the marking of goods imported into Canada is issued pursuant to section 15 (1) of the Customs Tariff.

(2) Vehicles engaged in in transit operations through the United States are to be secured with Green Ball In Transit Seals applied by Canadian Customs officers at the port of exit from Canada.

39. A vehicle equipped with a two-way radio installation or mobile telephone may be permitted entry into Canada under vehicle permit, provided that the applicant for the permit produces a written authorization signed by the Controller of Telecommunications, Department of Transport, Ottawa, authorizing him to use the equipment in Canada; where such authorization is not produced, the vehicle may be permitted to proceed only after the installation has been placed under customs seal in such a manner as to prevent its operation in Canada; on report outwards the seal will be removed by the customs officers, but should the seal be found to have been broken or removed, the vehicle will be subject to seizure; the fact that the vehicle is equipped with a two-way radio or mobile telephone installation shall be noted on the permit form.

40. (1) A tractor which has not been duty and tax paid cannot be used to haul a trailer which it did not pick up at the frontier examining warehouse or originally bring into Canada for the delivery of merchandise at an inland point.

(2) Where a vehicle imported into Canada pursuant to these regulations requires to be repaired in Canada, the person to whom a commercial vehicle permit has been issued for the vehicle may import such replacement parts, not including tires, as are required to be installed on the vehicle free of duty and taxes, if:

(a) he completes temporary admission permit (form E 29B) in respect of the parts,

(b) any parts which are replaced by parts imported pursuant to this section are exported from Canada in the repaired vehicle or abandoned to the Crown pursuant to section 77 of the Customs Act,

(c) he surrenders the temporary admission permit to the Collector of Customs and Excise on the exportation of the vehicle.

41. In the case where a Canadian vehicle abroad requires repairs or the necessity of accessories being added to the vehicle, the provisions of the regulations in respect to the Repair or Addition to Canadian Goods Abroad, are to apply.

42. All manifests are to be prepared by the transportation company before they are submitted to the Collector of Customs and Excise. Advice Note Manifest forms A 8A are obtainable from the Department or a Collector of Customs and Excise, for a nominal charge. Other forms of highway manifests are issued by the Department free of charge.

43. Transportation companies may, if they so desire, utilize private printing of their own form A 8A Advice Note Manifests. Although prior approval of the printing of these forms is not necessary, they must conform with the specimen.

44. The form A 8A manifest is to consist of six (6) part carbon interleaved or No Carbon Required paper pasted sets 8 x 5½ inches, with all parts perforated at the stub. The name of the transportation company is to be printed at the top of each copy. All other space is reserved for information required by Customs.

45. An advice note manifest is to be prepared in detail by the carrier for each separate shipment. The manifest shall state; the name and address of the importer or consignee and the consignor, the actual number of packages carried, i.e., complete shipment "10 cartons" or in the case of part shipments "6 cartons—part lot of 10", a description of the goods, the weight of the goods, the amount of the carrier's charges and whether the charges are "advance, prepaid or collect".
